Day camp provides summer fun for youth

by Dan Sanderson
Staff Writer

Geochaching, making slime and human mud bogging – it must be the Crawford County Adventure Day Camp.

Just over four dozen youngsters took part in Crawford County Adventure Day Camp, which was organized and funded by the Crawford County Michigan State University Extension, Grayling Recreation Authority and Catholic Human Services.

The Crawford County Adventure Day Camp was held Aug. 6 through Aug. 16.

Breakfast and lunch for the children was provided by the Crawford AuSable School District's summer meals program.

During the first days, the kids took part in group building exercises.

The children took part in activities such as making slime and dough, cake decorating and making their own kites and kaleidoscopes.

Water activities such as canoeing, water games and fishing took place at Hanson Hills. The youth also played outdoor games such as volleyball and kickball and went on hikes.

Day camp organizers added technology to the summer activities, including Geochaching, where the youngsters used Global Positioning Systems to find caches of goodies and prizes on the Hanson Hills. Continued on Page 8A

As one of the final Crawford County Adventure Day Camp activities, the youngsters went to the mud bog at the Crawford County Fairgrounds. Above, Valerie Burch and Cassie Bonamie buried Erin Messerschmit in the mud.

Streetscape project to get underway

by Dan Sanderson
Staff Writer

Construction will start for the \$1.3 million streetscape in downtown Grayling on Monday. Construction crews will begin work on the block west of the I-75 Business Loop on the north side of the street.

The base of the street will be ground up. The street will be closed for a three to five-day period, and traffic leading to the Crawford County Courthouse will be detoured on Burton Court, said Grayling City Manager David Thayer.

Traffic on Michigan Avenue will then be restored to two lanes.

Burton Court will be closed during the initial construction, while sewer and water manes are replaced.

After completing the north side of the street, construction crews will then focus on the south side sidewalks and roadway. A majority of work is expected to be completed by the middle of September.

Thayer said the city was not able to reach a deal to lease parking space from Bill Gannon, the owner of the former Chief Shoppenagon's Motor Motel. Residents and downtown employees are encouraged to park in front of the Crawford County Court House and along Norway Street.

Commissioners deny request for investigator

by Dan Sanderson
Staff Writer

The Crawford County Board of Commissioners told Prosecutor John Huss that tight budget conditions will not currently allow extra staff in his office, denying a request for an investigator to help prepare felony cases for trial.

Huss attended the board's regular monthly meeting, last week, renewing a request he made in July to hire an investigator to do detective work for his office.

Huss had asked retired Detective Sgt. Richard Meyer to consider taking the position. Meyer was forced to retire from the Crawford County Sheriff's Department after sustaining a head injury on Dec. 20, 2001, when a motorist struck the patrol vehicle he was in while he was policing a car accident that occurred on ice covered I-75.

The sheriff's department and prosecutor's office have been working without a detective since Meyer's absence.

Initially, Huss asked for the investigator to work up to 50 hours per month in his office, but said he would work with parameters that the county commissioners would establish.

Huss sought to bring Meyer into his office, on a trial basis, to work on six to eight felony cases prior to the start of the county's Oct. 1 fiscal year.

"It's just getting these cases ready, cleaned up and ready to go," Huss said.

Ultimately, Huss said that Crawford County Sheriff Kirk Wakefield needs to have a detective on board to do investigative work and follow up work that road patrol officers can not get to.

"He needs somebody to look at all the felonies, go over them and clean them up before I get them," Huss said.

Huss told the commissioners that having the evidence in hand often convinces suspects to enter into plea deal agreement rather than taking their chances at a lengthy and costly trial.

"The more you have, the more you can pile on the guys shoulders or gals shoulders, the quicker it's going to save us money, time and effort," he said.

Crawford County Commissioner Terry Beardslee, who sits on the county's audit committee, said officials have

Band keeps busy

Photo by Dan Sanderson

The Grayling High School Band had a busy summer performing at four community events including the Camp Grayling Rock and Roll Air Show, the Fourth of July Parade, the AuSable River Festival Parade and the Lovells Bridge Walk. Matt Bishop, the Grayling High School band director, said that there was a concerted effort by the students to perform community service and highlight their talents at the events. In addition, students involved in the Tri-M Music Honor Society participated in the Adopt-A-Highway program, cleaning up Old 27 leading from downtown Grayling to the Grayling High School. "They have really been a go-getter group, and I give them credit," Bishop said. Above, the band performed under the pine trees following the Lovells Bridge Walk.

Lovells Loves Bridge Walk

Photos by Dan Sanderson

The 16th annual Lovells Bridge Walk was held on Saturday. The bridge walk was initially established to help raise funds to buy equipment for the Lovells Township Fire Department. This year, organizers decided to split the proceeds between Lovells Township Fire Department, the Lovells Township Historical Society, the Lovells Hook and Trigger Club, the Lovells Cheerful Givers and the Lovells Study Club. Above left, walkers made their way across the tiny bridge in Lovells. Above right, Lovells resident Arnold Wilson pulls a replica of the Lovells Township Historical Museum with his John Deere tractor. Old U.S. 27 Motor Tour will cruise into Grayling

by Dan Sanderson
Staff Writer

Classic cars and hot rods on a statewide tour will stop in

Grayling on Friday.

A car show, being held as part of the Old Historic U.S. 27 Motor Tour, will be held at the Scott McNamara Ford Dealership, beginning at 4 p.m. on Friday.

The Old Historic U.S. 27 Motor Tour began on Tuesday in Coldwater. It will end in Cheboygan, with a Saturday night celebration.

The tour was organized by Lansing car and nostalgia buff, Craig Parrish, who organizes and plans car shows.

Parrish is seeking to have Old U.S. 27 established as a Heritage Route that people used to travel to Florida before the federal interstate system was developed. He has been lobbying lawmakers in other states leading to Florida for the designation.

Established by state lawmakers in 1993, the Heritage Route program celebrates historic, scenic and recreational routes in Michigan.

Old U.S. 27 begins in Coldwater and ends at the State Ferry Docks in Cheboygan. Twenty-four miles of Old U.S. 27 runs through the center of Crawford County.

"This designation will enhance the communities along the route,

much like the historic Route 66," said Sandra Moore, the Crawford County clerk/register of deeds, who was an organizer for the Grayling car show.

The Old Historic U.S. 27 Motor Tour included 10 car shows in 10 cities during the five-day jaunt across the state.

"It's just going to be a very fun event," Parrish said. "It's going to get people on the road, enjoying this scenic roadway and in these beautiful towns that haven't been on the map for a lot of years."

Over 100 classic car owners were pre-registered for the tour, and more were expected to join the cruise prior to the start in Coldwater.

"My phone has been ringing off the hook," Parrish said.

Car owners from Canada, Florida and Illinois were registered to take part in the tour, with most of the car owners coming from Michigan.

"I think this is going to be a real major event in Michigan within the next five years," Parrish said. "It's just a real nostalgic trip."

A party will be held at McNamara Ford in conjunction with the car show, with music being provided by "Free Wheelin Fred."

Local residents are encouraged to wear clothing of yesteryear as they take a step back in time while they view the classic cars.

Paul LeMat, who portrayed John Milner in the classic movie "American Graffiti," and Butch Patrick, who played Eddie Munster in the "Munsters" are taking part in the Old Historic U.S. 27 Motor Tour. LeMat and Patrick will be available for photographs and autographs at the car show.

The Just for Kick's Cloggers will perform at 7 p.m. Mark Easterly, a Grayling woodcarver, will be demonstrating his woodcarving techniques using a chain saw.

A piston toss game, similar to horseshoes, will be available for car show revelers, and food and beverages will be available.

Local classic car owners can join the Old Historic U.S. 27 Motor Tour, which will leave Grayling Saturday morning for the tour finale in Cheboygan, for a \$15 fee.

The Grayling car show held as part of the Old Historic U.S. Motor Tour is being sponsored by Fick and Son's, Scott McNamara Ford, Moore's Automotive and H & B Auto Electric.

Lovells teens apprehended for burglaries

The Michigan State Police Houghton Lake Post investigated a breaking and entering which occurred on Tuesday, Aug. 14, in Lovells Township.

During the course of the investigation, state police learned that an ORV was stolen.

Trooper Keith Toms followed the tracks of the quad-runner to a residence. A suspect was developed and interviewed. A 15-year-old Lovells resident confessed to the breaking and entering, along with 10 other breaking

and enterings of unoccupied cabins that had yet to be reported to police. Numerous sporting goods items were taken during these crimes.

The suspect also implicated another 14-year-old Lovells resident, who was interviewed and confessed to the crimes.

Both juveniles were apprehended and turned over to their parents. The teens will be petitioned into Crawford County Probate Court to face criminal charges.

Final payment for new animal shelter approved

by Dan Sanderson
Staff Writer

The Crawford County Board of Commissioners wrapped up the final construction red tape for the new AuSable Valley Animal Shelter.

The Crawford County Board of Commissioners, at their regular monthly meeting last week, approved the final payment of \$88,709.65 to Wakefield Construction, the general contractor for the new animal shelter.

The AuSable Valley Animal Shelter, formerly known as the Animal Shelter of Crawford County, moved into its new building at the Crawford County Fairgrounds in July.

"We're moved in, everything is coming along fine and it's excellent for the animals," said Sharon Priebe, president of the AuSable Valley Animal Shelter

Board of Directors.

Besides some final work on the shelter building, Crawford County Administrator Paul Compo said creating an entrance into the fairground property and paving a roadway to the shelter and a parking lot are the final steps for the project.

County Commissioners will meet with Lucas Portah, a engineering firm specializing in transportation engineering for the Northwest Design Group, next month to get specifications for the entrance and paving.

Don Babcock, the manager for Crawford County Road Commission, recommended using the firm.

The U.S. Department of Agriculture issued bonds for \$400,000 for a loan to the county to build the shelter. Compo said there is about \$15,000

remaining from the loan.

"In order to close the bond out, we have to do something with that excess money," Compo said. "We can't hold that money as a fund balance."

The board capped the engineering cost for the project at \$6,000, which was Babcock's recommendation.

County officials will seek information on how wide the entrance from Old 27 needs to be to accommodate traffic from the shelter and the sports fields at the fairgrounds.

"You have to have the specifications to make sure the bids for the paving are apples to apples," Compo said.

The former Animal Shelter of Crawford County, Inc., a non-profit agency, operated the shelter since 1991, when the county decided it would no longer run the shelter due to

budget woes.

The shelter facilities which were in dire need of repair and replacement, were located on land leased from the Crawford County Road Commission.

The house trailer, which was used as offices and an area to house cats at the former shelter, is in the process of being dismantled.

Priebe said all shelter building and fixtures will be removed from the road commission property in the next two weeks.

"We're extremely grateful that the road commission has been understanding and allowed us the time to get settled into a new shelter," Priebe said. "This whole project would not have been completed without the support of the County Commissioners, the Road Commission and the support of the community."

Potpourri: Most Michigan bridges appear safe

TIME ONCE MORE for one of our infrequent strolls, barefoot among the potpourri . . .

BRIDGE SAFETY – The deadly bridge collapse in Minnesota has drawn into sharp focus the safety of all other bridges.

According to the Michigan Department of Transportation (MDOT), apparently Michigan's 4,402 state highway bridges are pretty safe. Specific information is posted on the MDOT web site, with bridges listed by route number and county.

Only highway bridges longer than 20 feet are included, and pedestrian and locally-owned bridges are not included. The Mackinac, International and Blue Water bridges are inspected each year. The Ambassador Bridge from Detroit to Windsor is privately owned and not included in

the state list.

National standards require inspections every two years. Michigan now has more than 20 inspectors on duty.

Forty-four hundred bridges in Michigan may seem like a lot, but not considering our network of highways, plus streams and rivers. It's almost impossible to go from one city in Michigan to the next without crossing some kind of public bridge. It's enough to keep a paranoid Michiganiaan off the roads completely.

With Michigan's traffic, it's also easy to understand how wear and tear can cause problems if inspection and repairs are not high priority. It's amazing to me how fast our highways tend to deteriorate. It almost seems that only three or four years after a new stretch of superhighway is opened, it is closed for repairs. That's probably only perception,

and we should remember that construction jobs go to the low bidder.

Can Michigan laws which encourage heavy trucks and heavy trucking add disproportionately to deterioration of Michigan roads and bridges?

Maybe our Michigan truck weight and other pertinent laws should be inspected every couple of years, along with all 4,402 bridges.

MIGHTY MAC – Michigan's centerpiece Mackinac Bridge came in for plenty of attention at the 50th birthday of its opening recently.

George Weeks, now retired after an extensive career of newspapering and public service, in a column about the anniversary, offered these views:

"More than its physical attributes, the Mighty Mac is a tribute

to people who had the vision to think big, the courage to do something about it and the willingness to put aside political differences for the common good. The pity is that we're not celebrating 50 years of the kind of bipartisanship it took to build the Mackinac Bridge. That would be a tribute indeed."

Mr. Weeks offers a sound and sobering observation. Heck, the folks in Lansing these days have trouble even putting together a one-year budget; how could they handle a five-mile long bridge floated on a long-term bond issue (\$70 million in 1954 dollars).

BUDGET NUTSHELL – Peter Luke, who covers Michigan government and politics for Booth Newspapers, came up with as concise and as accurate a description of Michigan budget woes as I have seen. Mr. Luke

wrote:

"The issue, of course, is a state budget that has been chronically out of balance for years. Legislators in both parties make Michigan's fiscal mess a lot more complicated than it is. Over much of this decade, two trends have been masked by billions in borrowing and accounting gimmickry – close to \$1 billion this fiscal year alone. Spending is up; tax revenue is down."

SOCCER IMMIGRANT – David Beckham, probably Europe's top soccer star, has been brought across the Atlantic by rich soccer owners in California, and one of the hopes is that he can boost public acceptance of professional soccer in the United States.

Comedian Argus Hamilton (quoted in The Seattle Times) offered an irreverent slant on Mr.

Beckham's American role:

"Just another example of hiring an immigrant to do a job Americans refuse to do."

SUCCINCT – US Rep. Ron Carl of Texas is running a lonely and probably fruitless campaign for the Republican nomination for president, but has drawn favorable public reaction at least from casual observers of the whole political shebang because of his no-nonsense, succinct comments.

An example is his formula for a military "exit strategy" from Iraq, offered during recent Iowa campaigning:

"We have just marched in, we should just march out."

Richard Milliman is a veteran newspaperman, and a contributing columnist to several Michigan newspapers.

EDITOR

Our economic choices for prosperity are very limited

To the editor:

Unfortunately for this part of the state, our economic choices for prosperity are very limited.

Our location offers very little to manufacturing, especially when there is so much idle capacity down state. The only industry that might have half a hope of survival is something based on wood. Given the recent closures by Georgia Pacific and more economical locations, this seems very unlikely to occur.

High tech jobs will never be based here. Very few techies like rural areas and will not be drawn to this location to live. We also do not have a high tech mentality in this state for the most part. Michigan manufacturing was built on being labor intensive and low tech. Michigan is in catch up mode; training thousands so we can be like California and the south (manufacturing-wise). Manufacturing will continue to be based downstate because of the location, logistical access, and idle capacity.

That leaves the services sector for us to exploit. Main Street will be a good thing if several things occur:

1. The county/state does not fund projects within the park. Rather, local and state government should be using funds to find/plan projects that will compliment this park. Maybe it's another park, but there needs to be more than one

attraction. Four or five maybe. No one goes to Florida because of just the Magic Kingdom. We don't need/want to be that big, but it supports my point of diversifying.

2. The county government seriously looks at getting professional assistance in the development and planning of Crawford County. There needs to be a 50 year game plan put together to sustain a project like this.

3. Keep in mind that restaurants, hotels and shopping will live or die by these plans. These are not our diversified attractions.

4. Learn from Auto World and Cabela's. What made up their failures? Were there any successes? What makes Orlando tick (besides the weather)?

5. Use this project as a foundation to grow, not the building itself. There is not a foundation to rest upon and survive.

Grayling needs something to survive. It appears that it will need to be a service industry based economy. As with any industry, there are costs and rewards if they are properly planned and executed. If we don't consider this park project, what will Grayling do to be around in 50 years? The younger generation will leave to join the rest of world for more prosperity if we don't do something today. Then Grayling will die a slow death.

We need to coexist with new changes

To the editor:

While reading recent issues of The Avalanche, I have read many letters to the editor in reference to the proposed theme park, Main Street America. Many of these letters express concern about what the theme park will do to Grayling. What concerns me is that the majority of these letters are written by non-citizens of Grayling. I am glad that these people have care and concern for the Grayling area, but I don't think they understand what everyday life is like in Grayling. While I feel grateful to see the streets busy with tourists on summer weekends, Grayling has seen over the years that the attractions we currently have are not enough to sustain our community.

The theme park could be a flop, as some have said, but it could just as easily be the catalyst that puts Grayling back on the map as a destination for tourists. We rely a great deal on our tourism, and why should we think that people will not travel here to go to this theme park? How many times have we traveled to attractions similar to this,

such as Cedar Point, Michigan's Adventure, Six Flags, or Busch Gardens? There are new hotels in the state offering indoor water parks that have been very popular. There are many people from downstate who love to come up north for getaways, and adding another destination to choose from should only increase their numbers.

Another complaint about the theme park is that it won't create good jobs. Yes, many may be seasonal or part-time and not offer health benefits, but I ask you this: which is worse, having part-time minimum wage jobs (with a minimum wage that is the second highest in the country) or no jobs at all? Being a college graduate who moved back to Grayling, I understand the lack of employment opportunities in our area. My only options when I moved home were part-time seasonal jobs, but I was glad to have something available to me while I searched for more permanent employment. After months of searching I was lucky enough to find permanent employment with benefits, albeit in Gaylord, however I

still work at the Grayling Country Club on summer weekends to help supplement my income. There are many jobs in our area that are seasonal- golf courses and ski resorts, construction, canoe liveries, ice cream shops, etc, but I do not hear complaints about the type of employment those places offer and I am sure those that they employ are grateful.

A great deal of the concerns expressed in recent letters have had to do with the taxes residents will be paying. With all due respect, this is the residents issue to worry about. The Crawford County voters are educated people who have the ability to look at all sides of the issue and determine what is best. Look at how many times the bond issue to renovate the high school was voted down before eventually passing. Our voters have shown that they will make up their own minds on issues relevant to spending in the community.

I understand that many people worry about the natural resources and attractions in our area. For those from outside of our community, please know that

we appreciate and respect our rivers and lakes, hiking, hunting, etc. and we do not take the protection of those resources lightly. With careful thought and planning I believe our community can make this work. We can find a balance between protecting and conserving what we hold dear about this place while still finding ways to move forward and grow this community.

There is room for great debate over what more the community can do to better itself, but we have a viable option in front of us and I think it would be a mistake not to make it work.

What we need to do is ensure that our way of life now can coexist with the new changes to be brought by the theme park. We need to think of ways to get all of those theme park visitors out of their hotel rooms and downtown shopping. What we can not become is just another tourist town with the same chain restaurants and convenience stores as every other exit off of I-75.

Long distance walker looking for area walkers

To the editor:

Clayton Klein, the 88 year old walking octogenarian from Fowlerville, is once again training and working out the logistics for another distance walk. He plans to begin walking from Paradise, on the west shore of Lake Superior's Whitefish Bay, on August 31.

His walk will take him across the Mackinaw Bridge during the 50th Annual Labor Day Bridge Walk and then south into Ohio.

He calls the first 18 days of the journey, "A Walk from Paradise to Hell." Hell is a small town near Pinckney. Then Klein will stroll from Hell into Ohio, crossing the state line south of Morenci. The walk of 423 miles should be completed in approximately 22 days.

In September of 2004, Klein trekked across the widest part of lower Michigan, walking 212 miles in 11 days. His 2005 adventure was the first Paradise to Hell & Beyond Walk which he

enjoyed so much that he decided to repeat the same scenic route in 2006. Klein met so many wonderful, supportive people along the way that for his 2007 walk he would enjoy the company of other walkers and hopes to raise money for Michigan Hospice. Walkers of any distance are welcome.

He is currently looking for Walk Leaders to post his walk schedule in each Michigan county he will pass through. These

counties are; Chippewa, Mackinac, Cheboygan, Otsego, Crawford, Roscommon, Clare, Isabella, Gratiot, Clinton, Ingham, Washtenaw, and Lenawee. Anyone interested in volunteering can reach him at the numbers below.

Walkers of all ages are welcome, there is no charge to join in and enjoy Michigan's fresh air.

For more details you may call Klein at 517 223-8135 or email Clayton@firststep.net.

Article left out needed information

To the editor:

Dan Sanderson's front page news article "Volunteers Sought for AuSable Watershed Study" of August 2, 2007, regarding volunteers monitoring the water quality of our precious AuSable River was very accurate and well written with just one exception. It failed to provide contact information so interested persons

could become part of the program. If we are truly going to work together to protect our river, we need everybody. Please contact Marguerite Gahagan Nature Preserve, P.O. Box 421, Roscommon, MI 48653, phone 989-275-8206 or via e-mail to thdale@core.com.

Parades, old tractors and more at Wellington Show

The Smallest Big Machinery Parade in the North, that's the featured attraction at the Annual Tractor and Engine Show at Wellington Farm Park near Grayling.

The show will get underway on Friday, Aug. 24, with a new feature, a tractor ride. Tractors will leave Wellington at 4 p.m. and ride down Military Road, Old Lake Road and M-72 into Grayling, then proceed down Norway Street and through downtown Grayling. The tractors should arrive in Grayling about 5 p.m. Wellington Farm, USA is located 8 miles southwest of Grayling at 6940 South Military Road.

The Wellington Tractor and Engine Show will go into full swing on Saturday, Aug. 25, and continue through the weekend.

Featured attraction each day will be threshing with one of the farm's vintage threshing machines, baling straw with a turn of the century baler built in Ann Arbor, and old fashioned home-made ice cream frozen with ice and salt in a five gallon freezer turned by a turn of the century gasoline engine.

At 3 p.m. Saturday and Sunday, Wellington Farm, USA

will present the Smallest Big Machinery Parade in the North. Tractors of all shapes and sizes, including two huge steam powered tractors, will parade through the 60-acre living history museum. Many of the tractors will be towing large pieces of vintage farm machinery. The parade will be narrated so everyone watching will have an opportunity to know what each piece of equipment is and what task it performed over 70 years ago.

Wellington Farm, USA is a working farm set in the year of 1932, a time remembered as the worst year of the Great Depression, the Dust Bowl and Prohibition.

The Wellington Tractor and Engine Show and the Smallest Big Machinery Parade in the North are a perfect weekend family outing.

In addition to the show, all of the eight demonstration buildings will be open and in operation. There will be steam engines running the Sawmill, the Trasher, and the Clover Huller.

More information can be obtained by calling 989-348-5187, emailing howard@i2k.net or visit the website at www.wellingtonfarmpark.org.

Michigan Child Identification Program is coming to Grayling

The Michigan Child Identification Program or MICHIP, sponsored by the Michigan Masons, will be coming to Grayling on Saturday, Sept. 15, at the Grayling Middle School cafeteria, located at 500 Spruce St., from 8 a.m. to 5 p.m. The National Center for Missing and Exploited Children recognizes the MICHIP as one of the most complete child recovery and identification programs in the nation. Sheriff Kirk Wakefield says, "Time will be dramatically reduced in issuing an amber alert with the information provided by this kit."

At a CHIP event, Masons generate individual completed child information identification kits that are given to the parent or guardian to take home for safe-keeping. Each kit contains a color photo which can be circulated by the police. The kit contains fingerprints which are unique to every individual, a recorded interview which cap-

tures the appearance, speech mannerisms, and important personal characteristic of a child which are as unique as fingerprints even with a child losing and gaining teeth, and DNA which can identify anyone and provides a pure and exclusive scent for tracking dogs to find lost children.

Each child moves through several stations of the event which takes about 10 to 15 minutes generating an identifying item at each station and placing them in his or her kit. Nothing is kept on file except a permission slip signed by the child's parent or guardian.

This program is provided free of charge by the Michigan Masonic Grand Lodge and the Grayling Masonic Lodge in conjunction with the Crawford County Sheriff's Department, Order of the Eastern Star of Grayling, the AuSable Shrine Club, V.F.W. Auxiliary and other organizations.

The Bible Speaks

For Us or Against Us

Faced with the great Civil War, Abraham Lincoln said "A house divided against itself cannot stand." President Lincoln was quoting a great teaching of Jesus Christ in Mark 3:25: "And if a house be divided against itself, that house cannot stand." Christ also said in Luke 11:17: "Every kingdom divided against itself is brought to desolation; and a house divided against a house falleth."

President Bush has shown great wisdom by stating to the entire world they are either for us or against us. This is also a great teaching of Jesus Christ in Mark 9:40: "For he that is not against us is on our part." Christ said in Luke 9:50: "...for he that is not against us is for us." Christ also said in Matt. 12:30: "He that is not with me is against me; and he that gathereth not with me scattereth abroad." Praise God for a President who believes in God, reads his Bible every day, and trusts in God.

Dissent is a right of free speech in our nation, but in times of war, there is a fine line between dissent and treason. You may remember during the Vietnam War when we were publicly accused of hypocrisy for defending the killing of Communists while opposing abortion. War requires patriotism for success and victory. Just war involves some injustice, but dissent during war is dangerous. The Communists were emboldened by the public dissent in America during the Vietnam War. Liberal pacifists who burned their draft cards, marched in the streets, and fought against our military buildup were responsible for the killing of untold

American soldiers. These liberals who abused their right of free speech were therefore defacto traitors and enemies of America.

You remember when we wrote several articles about the liberal National and World Council of Churches sending millions of dollars to help "poor Communist freedom fighters" during the cold war. They proved they were not pacifists by eagerly supported the enemy. Liberal church leaders called it "Liberation Theology" and claimed to be fighting for social justice in the name of Jesus Christ. They said the Communists they helped were killing out of love not hate. Such were neither Christian nor American. They were defacto traitors to both Jesus Christ and America. Many of them were educated by college professors who fill the hearts and minds of our young people with moral equivalence, tolerance toward immorality, multi-culturalism, disrespect for American values, and intolerance toward both the God of the Bible and patriotism. Our liberal churches and schools became the enemy training camps which undermined the morality of our great nation from within. These same liberals are dialoging today for compromised religious unity.

Recently I read where a man said, "I am a Muslim American, not an American Muslim." He said that to publicly explain why he could not fight in this war against people of his own faith. Well, many Americans of the WW2 generation had grandparents from Germany and/or Italy, but they did not refuse to fight because their relatives there were Christians. In our

Civil War, many on both sides were Christians, some even brothers, but that did not hinder their patriotism. Religion is no excuse to support terrorism.

We can learn much from the history of Israel. Joshua said in Josh. 5:13 "And it came to pass, when Joshua was by Jericho, that he lifted up his eyes and looked, and behold, there stood a man over against him with his sword drawn in his hand; and Joshua went unto him, and said unto him, Art thou for us, or for our adversaries? King David taught us in 1 Chron. 12:17,18: "And David went out to meet them, and answered and said unto them, If ye be come peaceably unto me to help me, mine heart shall be knit unto you; but if ye be come to betray me to mine enemies, seeing there is no wrong in mine hands, the God of our fathers look thereon, and rebuke it. Then the spirit came upon Amasai, who was chief of the captains, and he said, Thine are we, David, and on thy side, thou son of Jesse: peace, peace be unto thee, and peace be to thine helpers; for thy God helpeth thee. Then David received them, and made them captains of the band." We need to heed the challenge of Joshua 24:15: "And if it seem evil unto you to serve the LORD, choose you this day whom ye will serve; whether the gods which your fathers served that were on the other side of the flood, or the gods of the Amorites, in whose land ye dwell: but as for me and my house, we will serve the LORD." Loyalty is a virtue. Pastor "B"

OBITUARIES

Katharine K. Roney

Sept. 7, 1929 - Aug. 8, 2007
Katharine (Kay) Bartemeier Roney passed away on August 8, 2007 from cancer.

She was born on September 7, 1929, to Dr. and Mrs. Leo H. Bartemeier of Birmingham.

She moved to Grosse Pointe from Birmingham in 1936. She graduated from The Sacred Heart Academy in 1947. Following her college graduation from Georgetown University in Washington, DC, she joined the N. W. Ayer Company in Detroit.

During vacations, Kay traveled extensively in Europe with her family, and in 1955 married Thomas J. Roney, son of Mr. and Mrs. Edward C. Roney of Detroit.

Kay joined the Junior League of Detroit and was influential in developing the Senior Center and Poison Control Organizations, as well as participating in many charitable volunteer projects over 30 years. In 1963 she joined her husband in establishing Tom Roney Lincoln Mercury dealership in Mt. Clemens. Upon sale of the dealership, she joined her husband in establishing T. J. Roney Company of Grosse Pointe Shores, creating major corporation merchandise and world travel incentive programs especially for automotive companies, involving trips for large and small groups.

She had a reputation for elegant parties, extensive generosity and extraordinary thoughtfulness to everyone. In 1984 Kay and Tom retired and built a home on Michigan's AuSable River where they lived, wintering in Titusville, Fla. They moved to Grand Rapids in 2003, where they resided until her sudden and untimely death.

She is survived by her husband of 52 years; children: Katharine (Morin), Thomas J. Jr., Sharon (Otto), Janet (Gardella); 11 grandchildren; and sister Mary.

She was preceded in death by her brother John.

In accordance with her wishes, cremation has taken place and a memorial mass will be celebrated on September 8, at 9:30 a.m., at St. Paul's Catholic Church, Lakeshore Road, Grosse Pointe Farms. The family will be gathered to visit with friends at 9 a.m. In lieu of flowers, a memorial contribution is suggested to Faith Hospice, 2100 Raybrook SE, Grand Rapids, MI 49546.

Arrangements made by Memorial Alternatives Funeral Home, Grand Rapids.

Faith A. Stripe

Oct. 19, 1912 - Aug. 17, 2007

Faith Alice Stripe, age 94, passed away on August 17, 2007.

She was born Faith Alice Nebel, on October 19, 1912, in Marquette.

She attended Northern Michigan College (now Northern Michigan University), to get a teaching degree in French. She taught French in Ontonagon and Rogers City, before marrying Joseph Stripe, then a shop teacher in Grayling, on June 16, 1940.

They honeymooned in the Porcupine Mts. Their first meal as a married couple was cooked over a campfire - ring bologna, baked beans, coffee and sliced tomato, so every year on their anniversary they had a picnic of the same things.

Their first summer as a married couple, they lived in a tent at Hartwick Pines, while they built their home in Grayling.

She enjoyed gardening and like to make her own clothes, an activity which she taught her daughter, Rhea, who landed a job at the Goddard Space Center, helping make insulating jackets for instruments which went up in the space shuttle. She taught herself Spanish from a book and attended summer schools in Mexico and Spain. She received a Fulbright grant to study for a summer in Costa Rica. After receiving her teaching qualifications, she taught Spanish at Crawford AuSable Schools for over 15 years. She was the first teacher in Grayling to wear a pant suit. Her husband Joe, Superintendent of Schools, had opposed it, but once his own wife wore one, then it was all right for others. She also taught herself German, while researching her family tree.

She founded a Girl Scout Troop in Grayling in the 1950's. Her involvement with the Girl Scouts began in her childhood while she was living in Marquette and she had been a scout leader. Her nickname at that time was "Sacky", which her then-beau Joe took to be a reference to the bloomers which, in the 30's, were part of the Girl Scout uniform, before he was told in no uncertain terms it was short for "Sacajawea" or "the Bird Woman."

Faith had a love for birds and it was a lifelong interest. Researchers and Audubon Society members would contact her in the 50's, to take them out to Kirtland Warbler nesting areas. This led indirectly to the

naming of Kirtland College. In 1966, Joe Stripe was a member of the founding board for the new college, remembering Faith's involvement with the warbler, suggested "Kirtland Warbler College", Joe and Bob Bovee then proposed "Kirtland College" at a later meeting.

She stayed active for most of her life, taking up cross country skiing and bike riding around Grayling.

She had a quite, gracious demeanor that disguised a stubborn determination, and she was quite opinionated, though she often said "it was often best to cloak the truth in courtesy."

She is survived by daughters, Cathy Lester of Grayling and Rhea (Gary) Glisan of Columbia, MD.; grandchildren: Henry Lester, Flt. Lt. Arthur Lester (RAF), Julie Glisan, Dena Glisan and Shannon Glisan.

She was preceded in death by her husband, Joseph Stripe.

A celebration of her life will be held at Michelson Memorial United Methodist Church on Sunday, August 26, at 2 p.m.

The family suggests that in lieu of flowers, memorials may be made to Sesame Workshop, the Christian Children's Fund or Mercy Hospice of Grayling.

Kenneth J. Schweitzer

Nov. 8, 1955 - Aug. 18, 2007

Kenneth James Schweitzer, 51, of South Branch Township, passed away on August 18, 2007.

He was born in Birmingham, on November 8, 1955, to William and Edna (Draper) Schweitzer.

He worked 25 years at Weyerhaeuser in Grayling.

He is survived by his mother, Edna of West Branch; sons, Nathan (Carly) Schweitzer and Michael C. (Casie) Schweitzer, both of Jacksonville, Fla.; grandson, Luke Schweitzer; sisters, Ann Fondow of Walled Lake and Bonnie Haynes of St. Paul, Minn.; one nephew; and two nieces.

He was preceded in death by his father; and a brother, Tom Schweitzer.

A memorial service was held at Sorenson-Lockwood Funeral Home, on August 21, with Pastor Richard Vogeley officiating.

Condolences may be sent to www.sorensonlockwood.com. Arrangements made by Sorenson-Lockwood Funeral Home.

Reva Failing

Jan. 27, 1918 - Aug. 14, 2007

Reva Failing, 89, of Gaylord, passed away on August 14, 2007.

She was born in Crawford County, on January 27, 1918, to the late Dan and Jennie (Larsen) Owens.

She was married to Peter Failing for 50 years, before he preceded her in death in 1989.

She is survived by her son, Larry (Elaine) Failing of Boyne City; daughters: Elaine Coates of Gaylord, Judy (Donald) Chadwick and Nancy (Vern) Cameron, both of Florida.; 15 grandchildren; and great-grandchildren.

She was preceded in death by her husband, Peter; daughter, Wanda Carr; and two sons, Peter and Dan.

A private memorial service will be held at a later date.

Condolences may be sent to www.sorensonlockwood.com. Arrangements by Sorenson-Lockwood Funeral Home.

MILITARY NEWS

Scott Carr
Sgt 1st Class Scott R. Carr of Waters, was recently awarded the Army Commendation Medal by Camp Grayling Commander Col. Dean Brown in a brief ceremony.

Carr, the Readiness (NCO) Non-Commissioned Officer, is assigned to the HHC- CG Joint Maneuver Training Center, Michigan Army National Guard, Camp Grayling. He was awarded the medal for outstanding achievement as a member of CGJMTTC's core APIC writing team. He distinguished himself through his dedication to the improvement and sustaining of key processes that provided services and products to CGJMTTC's customers. His hard work, insight and expertise resulted in a \$30,000.00 provision for the CGJMTTC APIC process as well as the betterment of the CGJMTTC as a whole. His actions reflect great credit upon himself, the Joint Maneuver Training Center, and the Michigan Army National Guard.

He has 18 1/2 years active duty in the Army National Guard and 1 1/2 years in the Michigan Army National Guard Reserves. His Military Occupational Specialty is: 21M Fire Chief, 92Y Supply NCO, 75H Personnel Services NCO, 45K Tank Turret Repairer. Previous awards include: Meritorious Service Medal, Army Commendation Medal, Combat Action Badge, Army Achievement Medal, Army Good Conduct Medal, Army Reserve Component Achievement Medal, National Defense Service Medal, Southwest Asia Service Medal, Liberation of Kuwait Medal, Global War on Terrorism Service Medal, Iraq Campaign

Card of Thanks

The family of Kenneth Jacobs would like to thank everyone for their expressions of kindness during his long illness and recent demise. Thanks for all the flowers, plants, sympathy cards, memorials, mass cards and for stopping by the funeral home to say good-bye to Ken and offering your sympathy and support. Thanks to all the employees of Mercy Hospital for their years of quality care to Ken and their ongoing support and kindness. Special thanks to the staff on 2-South, supervisor and Dr. Galib for their special attention, support and care for Ken and our family during the last days with us. We can't begin to find the words to express our appreciation to Dr. Todoroff and Dr. Korneli for their years of outstanding care of Ken and their attempts to make him as comfortable as possible, as well as their support and kindness to our family.

We thank the staff at Mercy Manor for always being there when we needed you. You

Our heartfelt thanks to our relatives and friends who were there for us during Ken's last days with us. We love you all and thank you for helping us send him to his greatest reward for being the wonderful husband, father, grandfather and friend that he was.

The family of Kenneth Jacobs

The men and women of Camp Grayling

would like to extend their sincere appreciation to the American Legion, Grayling Post No. 106 for their efforts in raising money to buy Exchange Gift Cards for Camp Grayling deployed soldiers. Although Camp Grayling does not have entire units deployed at this time, there are many soldiers deployed from our home units. Joint Maneuver Training Center (JMTTC) and the 1434th Engineer Company have over 25 soldiers deployed around the globe. The MATES facility recently had seven soldiers deploy with 107th Engineer Company.

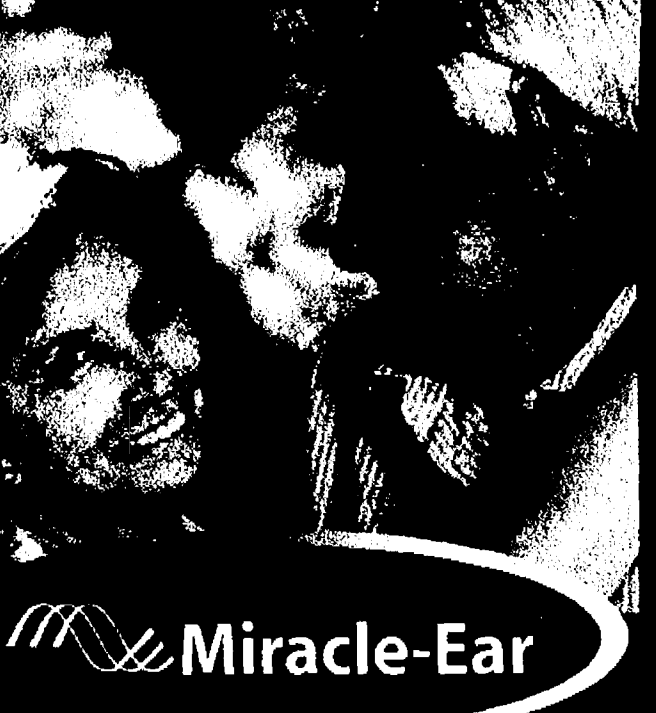

The American Legion Post held a benefit Beach Party/Luncheon on July 14th. Their silent auction and cookout provided over \$2,700 to purchase care packages or gift cards for Camp Grayling deployed soldiers. Special thanks go out to those that worked so hard to make this a success: Bill Johnson, Pat Money, Katie Tinker, Mike Higgins, Vivian Stanton, Sharon Johnson, Cathy Holton, Laura Johnson, and Clara Johnson.

Bill Johnson, retired Master Sergeant U.S. Army and Legion Commander, presented the JMTTC Family Readiness Group (FRG) secretary, Luanne Shirley, a check to purchase the gift cards and ensure Camp Grayling soldiers deployed throughout the globe received them in a timely manner. A letter from Johnson will accompany each gift card.

"The American Legion Post 106 in Grayling, Michigan would like to THANK YOU for the sacrifices you are giving and hard work that you are doing to protect and preserve the freedoms that we have here in the United States. We are thinking of you and praying that you all return safely to your loved ones."

Day camp provides summer fun for youth

Continued from Page 1A

grounds. The day camp attendees also got hands on experience with Lego Robotics, computerized Lego units which can be programmed to do tasks such as follow a mapped out colored line of sort objects.

The day camp attendees paid visits to Grayling City Park/Nature Center, Grayling Fish Hatchery, Grayling Township Park and the Devereaux Memorial Crawford County Library.

As one of the final Crawford County Adventure Day Camp activities, the youngsters went to the mud bog at the Crawford County Fairgrounds. The Grayling Redskins officials watered down the bog. The youth splashed and ran around in the mud, and were hosed down to clean off by a fire fighting crew from Camp Grayling.

"You're always told as a kid to stay out of the mud, so it was something that they really enjoyed and everyone had a ball," said Grayling Recreation Authority program director Joni Duncel.

Hannah Smock, 7, gave her stamp of approval for her Crawford County Adventure Day Camp experience.

"It's been awesome and it's a lot of fun," she said.

"Ditto," said big brother, Nick

Smock, 11.

"It's been really fun and there's been a ton of activities and stuff to do," he said.

Emma Reichelderfer, 9, and Kaitlyn Bergan, 10, said the day camp was a perfect tune up to prepare them to head back to school.

"It's kind of like school, but this is more fun," Reichelderfer said.

Fifty-five children, ages 6-12, registered for the Crawford County Adventure Day Camp, forcing organizers to cut off the number of attendees and create a waiting list. Grayling Middle School students, who recently completed the 4-H Peer Mentoring training, helped with day camp along with other chaperones and volunteers.

Next year, organizers hope to expand the Crawford County Adventure Day Camp to include more children and activities, offering sponsorship options to area businesses and organizations for the summer staple which has been held in Grayling throughout the years.

"By August, the kids have been out of school long enough that they're looking for something to do," said Nancy Persing, the 4-H program associate for the Crawford County Michigan State University Extension.

The Crawford County Adventure Day Camp, which was funded and organized by Crawford County Michigan State University Extension, Grayling Recreation Authority and Catholic Human Services, was held Aug. 6 through Aug. 16. Above, Abby Pippin, 6, plays with a hula hoop during the final day of day camp, when the children were allowed to take part in their favorite activity held during the two-week program.

Rotary resells items for programs

The Grayling Rotary Club held its annual garage sale in the former Fred Bear Archery building last weekend to raise money for upcoming programs and donations to community endeavors. There was such a good response in donations of items from Rotary members and the community, the sale was carried over for a second weekend. Above, Grayling Rotary member Jim Burtch takes cash from Regina Adams, of Canton, who bought a table place mat and stuffed animal at the sale while she was in the Grayling area vacationing.

State police target traffic violations

State troopers issued over two dozen tickets to speeding motorists and drivers not wearing seat belts in a targeted traffic enforcement zone last week.

On Thursday, Aug. 16, troopers from the Houghton Lake Post of the Michigan State Police, in

conjunction with troopers from the Cadillac Post, worked an enhanced traffic enforcement zone on M-55 in Missaukee County's Enterprise Township.

Troopers wrote 27 tickets in a four-hour period for speed violations and seat belt usage.

State Police will target similar traffic enforcement zones, including M-72 and I-75 in Crawford County, I-75 in Roscommon County, M-72 in Kalkaska County and several zones in and around school zones.

Enforcement efforts are being targeted at speed, seat belt usage and alcohol violations.

GRAYLING POLICE REPORT

Grayling City Police Chief Karl Schreiner reports his department handled the following complaints during the week of Aug. 12 - Aug. 19:

Two private property accidents, two traffic warnings, two

civil infraction citations issued, two motorist assists, six suspicious situation complaints, three disturbance complaints, six larceny complaints, three alarm complaints, two juvenile complaints, three assist other depart-

ments, three breaking and entering complaints, one malicious destruction of property complaint, one animal control complaint, one Internet fraud complaint, one civil complaint and 16 unclassified complaints.

AREA EVENTS

Roscommon - Members of the Pen and Palette Guild, a Roscommon area organization of artists, will display their artwork at a special free exhibition along the wildlife trails of the Gahagan Nature Preserve, 209 W. Maplehurst Drive, Roscommon, on Saturday, Aug. 25, from 10 a.m. until 3 p.m. "This is the third year we have taken advantage of this delightful outdoor setting at Gahagan for our exhibit," said Betty Granzow, event representative for Pen and Palette.

"Our members really look forward to it, and it's a wonderful place for visitors to meet and chat with the artists," said Granzow.

There is no charge for admission or parking. Both the parking area and nature trails at Gahagan are handicap-friendly. In the event of inclement weather, the exhibition will be moved indoors at the preserve's facility.

For additional information, contact Granzow, 989-821-8426.

St. Ignace - The Sault Ste. Marie Tribe of Chippewa Indians and the Michilimackinac Historical Society will host Rendezvous at the Straits of Mackinac Aug. 25 and 26 in the Straits of Mackinac. The public is invited to this historical and cultural event which is actually two events in one. Visitors will see the French Voyager reenactment by independent scholar, author and lecturer, Timothy Kent. The Pow Wow celebrates the heritage, culture and history of native families from the St. Ignace area.

The Rendezvous French Voyager Encampment Display will feature historical narration and will provide visual displays of the

area's history featuring a living history demonstration by the Kent family. Kent has twice received the prestigious State History Award from the Historical Society of Michigan. The narration will focus on the times of Father Marquette, the 17th-century missionary-explorer, and the meeting of French and Native American cultures deep in the North American wilderness. The French Voyagers were fur traders during the time Father Marquette established Michigan's earliest European settlements in Sault Ste. Marie and St. Ignace. The French village of St. Ignace became the center of the flourishing fur trade that developed around the Straits of Mackinac. Today, Father Marquette is recognized as one of the great explorers of the North American continent.

The Pow Wow will include traditional drumming and dancing; the host drum at this year's Pow Wow will be Bahweting, with Drum Keeper Bud Biron. Youth dancers are encouraged to participate. There will be native arts and crafts for sale, demonstrations of living history, story telling, entertainment, traders and vendors. Traditional authentic food will be available. All of the food will be prepared and cooked the old-fashioned way; none of the ingredients will be store-bought. The cook-fire will be built from twigs and wood gathered in area forests.

The Rendezvous offers a unique opportunity to discover the deep history of the early 18th century settlers and the ties that many people and families, still living in St. Ignace, have to them. The Rendezvous portion of the celebra-

tion starts at 10 a.m. on Saturday and will be followed by the grand entry to the Pow Wow at 1 p.m. The Pow Wow will conclude around 8 p.m. Sunday's schedule is a repeat with conclusion around 4 p.m. Admission is \$3 for adults, \$2 for elders and students, free for 12 and under. This is a family event and is alcohol and drug free.

For more information, contact the St. Ignace Visitors Bureau at 1-800-338-6660 and www.stignace.com, or the Pow Wow coordinator, Darryl Brown, at www.saulttribe.com or call 1-906-635-6050.

St. Ignace - St. Ignace will hold the 5th Annual Salmon Derby on Saturday, Aug. 25. This will be a "come as you are" event with a boat in cooler check done on Saturday morning and a fish fry following the derby, provided the fisherman are willing to donate their catch. Boat launching will be at the St. Ignace Boat Launch on Hazelton Street. The heaviest single salmon for the day will take the top cash prize.

Entry fee is \$50 per boat, with 75% of entry fees going to prizes. Registration forms for the derby are available through the St. Ignace Chamber of Commerce, (906) 643-8717 or 800-970-8717.

Roscommon - Area farmers have been invited to attend a pasture walk at the farm of Steve and Lyle "Dick" Gardner in Markey Township from 2 p.m. to 5 p.m. on Aug. 29. "This pasture walk is a good opportunity to visit with fellow producers about how they have managed in their pastures, hay supply and cattle this summer," said Michigan State University Extension Agriculture

Educator B.J. Bartlett.

Jacque Korn, U.S. Department of Agriculture Natural Resource Conservation Service District Conservationist, said participants will learn about Steve Gardner's decision to convert to rotational grazing; how he manages his grazing; and the importance of the watering system; things he likes and dislikes; and the changes he's seen in his cattle and the pasture since using rotational grazing. They will also see Gardner's unique cost-saving innovations, such as fly rub, paddock gates and using recycled materials, said Korn.

Leading discussions will be BJ Bartlett, who will discuss how to develop a grazing plan, as well as pasture seeding and fertilization. Betsy Dierberger, NRCS Grassland/Forage Specialist, will demonstrate use of the new pasture measurement stick and discuss how it can help graziers manage pastures. Jacque Korn will also provide information about USDA cost share programs that assist with establishing and managing prescribed grazing systems.

The event is sponsored by the Crawford-Roscommon Conservation District, USDA NRCS and MSU Extension. The Gardner farm is at 2490 Gardner Road, just north of Houghton Lake's North Shore. The farm can be reached by taking Flint Road to Lakewood Drive to Gardner Road.

For information or directions to the farm, contact Korn at (989) 732-6526, extension 3 or jacquekorn@mi.usda.gov or Russell Kidd, Roscommon MSU Extension at 989-275-5043.

ATTENTION NEW STUDENTS!

Parents are urged to register their children beginning the week of August 20, if they are new to the Crawford AuSable School District. Students new to the district can report to the building they will be attending from 9 a.m. to 4 p.m. Monday thru Friday. A current immunization record must be presented or contained in transfer records. At the elementary level, the building principal will assign the student to a classroom. At middle school and high school levels, the student will be assigned a counselor who will assign a class schedule after reviewing transferred records and meeting with the student to discuss goals, interests, and past successes. For this reason, although not mandatory, it is suggested that all new to the district high school students call ahead and make an appointment with high school counseling office secretary Teresa Bonamie at 344-3512.

Michigan Requires Immunization For School Entry

Michigan law prohibits a principal or teacher from admitting new entrants to school without a record of having received at least one dose of each; measles, mumps, rubella, polio, diphtheria, tetanus and pertussis. Records for all entering kindergarten students and students enrolled from outside the district will be reviewed to ensure immunizations are up to date. Notice will be sent to parents or guardians if there is no immunization record upon school entry or if records are incomplete. Students not in compliance with state immunization requirements will be excluded from school until documentation of immunization is presented. Parents may sign a waiver if they have a religious or other objection to immunization, or they may provide a statement of objection for medical reasons which has been signed by a physician. Michigan law requires that all students be immunized against diphtheria, tetanus, pertussis, polio, measles, mumps and rubella. Immunization can be obtained from your physician or health department.

BUILDING USE BY OUTSIDE GROUPS

Persons or groups wishing to use school district facilities outside of the regular school day can call the Community Education Director at 348-6137. A building request form will be provided and if the request is approved, a contract will be completed. It is the policy of the district to charge a fee for such use. Fees are based upon the cost of utilities, materials, and personnel to the district and upon the type of group using the facility. Requests for building use must be filed at least ten days prior to the date requested. Classrooms, cafeteria, auditorium, and gymnasium are available for use. Requests for use during school hours must be processed through the building principal.

SCHEDULES

Building Start Times

The high school will start first, beginning at 8:10. The middle school will start at 8:25, the AuSable Primary and Grayling Elementary 8:30.

First Day of School

Tuesday, September 4, 2007 - The first day of school will be a full day at all buildings. School will be in session for all students beginning Tuesday, September 6.

High School New Student Orientation

Tuesday, August 28, 2007 - Orientation for high school freshmen, sponsored by the student council, will be held from 5:30 to 7:00 p.m. at Grayling High School.

Notice

Tuesday, August 28, 2007 - All school offices will be closed from 8:00 a.m. to 1:00 p.m. All school employees will be in general school district meetings.

Streetscape project to get underway

Continued from Page 1A

After completing work on the west side of the I-75 Business Loop, construction crews will move to the next block leading to Peninsular Street, working on one side of the road at a time. Construction in that area is expected to be completed by early October.

Finally, construction crews will complete upgrades on the block between Peninsular Street and Spruce Street.

The project will include installing brick paved sidewalks, leveling and widening the sidewalks, landscaping, decorative street lights, replacing sewer and water mains and repaving Michigan Avenue and

Burton Court streets.

Businesses will remain open during the construction and plywood will be placed in front of businesses to provide temporary sidewalks.

SRW Contracting and Paving, an engineering and construction services firm based out of Williamsburg, was awarded a \$751,444.15 contract for the City of Grayling's Downtown Development Authority's Streetscape project.

SRW Contracting and Paving will manage subcontractors and ensure the quality of their work for the project.

Everything but the final coat of asphalt, which will be put down in the spring, is expected

to be completed by the project deadline. Contractors have been given 10 weeks to complete the project.

Thayer said that city officials have stressed that construction should be as least disruptive as possible for traffic, residents and businesses.

"They are very sensitive to our issues, and people should understand that there will be some periods of times when there may be disruptions, but they won't be for long durations," Thayer said.

The City of Grayling was awarded a \$519,767 Community Development Block Grant from the Michigan Economic Development

Corporation to help pay for water, sewer and street upgrades in the downtown business district.

A total of \$224,100 of the project will be paid for through a special assessment levied on downtown business owners, based on the amount of property they own fronting Michigan Avenue.

Depending on the weather, city officials hope to have the project wrapped up by the end of October.

"This will give businesses two months during the Christmas shopping season with the new look, and it should be a boost for them," Thayer said.

Commissioners deny request for investigator

had a tough time paring the budget for the county's 2007-08 fiscal year down from a deficit of \$600,000 to \$205,000. The cuts included denying a request for two additional corrections officer and a corrections command officer for the sheriff's department.

"We're coming to the point

where we're going to have to look at cuts in programs that are already in place," Beardslee said. "It's going to be viscous when we sit down to make the next round of cuts."

Huss said he wanted to keep the request for additional investigative help for his office and the sheriff's department at the

forefront of county officials' minds.

"I just wondered if there's any chance at all or if I'm sitting here talking to an empty wallet," Huss said.

Wakefield said that the sheriff's department handled 620 complaints in July. Wakefield added that deputies have little

time to do follow up investigations and interviews with suspects and witnesses during peak tourism months, but do additional police work in a timely manner if a request is made by the prosecutor's office.

"They're just going from complaint to complaint, trying to get as much information as they can," Wakefield said.

County Commissioner Rick Anderson suggested county officials seek financial help from township's in the county to support added law enforcement services.

"It always seems to be one way, they're the ones that want us to do something," Anderson said. "I'm having a tough time with this."

County Commissioner Scott Hanson said that a request could be made to township officials for help, but added that all municipalities are facing financial hardships.

"Their budgets are just as tight as ours," Hanson said. "To try to get the townships to pony up that much money, I don't know how they could do it. There's just not that much fat that anybody's got."

SHERIFF'S REPORT

Crawford County Sheriff Kirk Wakefield reports his office handled the following 113 complaints the week of Aug. 13 - Aug. 19:

One EMS response, 14 suspicious situations, one missing persons, 18 general non-criminal complaints, one trees-brush-grass fire, two delinquent minors, six false alarm activations, one criminal sexual conduct/sexual assault, two assault/intimidation/stalkings, four burglaries/home invasions, six larcenies, four fraudulent activities, one stolen property, three damage to properties, one drug/narcotics violations, one sex offenses/indecent exposure, one fleeing and eluding-felony, 19 public peace/disorderlies, four health and safeties, four conservations, one miscellaneous arrest, eight traffic accidents, five inspections/investigations-family, two lost and found properties and three driving violations/driving while license suspended.

Sheriff Wakefield asks: "Do you know where your children are? Please remember, our children are our future."

Football team full of returning starters looks to get back into the playoffs

■ Vikings to open 2007 season with home game vs. Roscommon Bucks on Friday

by Caleb Casey
Senior Staff Writer

The 2007 Grayling High School varsity football team, a squad that will have 19 of its 22 starters back from last year, will open its fall season with a non-conference game against the Roscommon Bucks this Friday.

"We're returning 10 of 11 (starters) on defense and nine of 11 on offense. The biggest key for the team will be senior leadership," Coach Ben Brock said. "This is the first group we've had for all four years in our program, with lifting weights and doing zero hour football class."

"We have 34 players on varsity, which is the biggest number we've ever had in the five years I've been here," Coach Brock said. "Back-to-back grades with good student athletes. With this group it's the most we've ever demanded from a team. That's a direct reflection of a good group of parents."

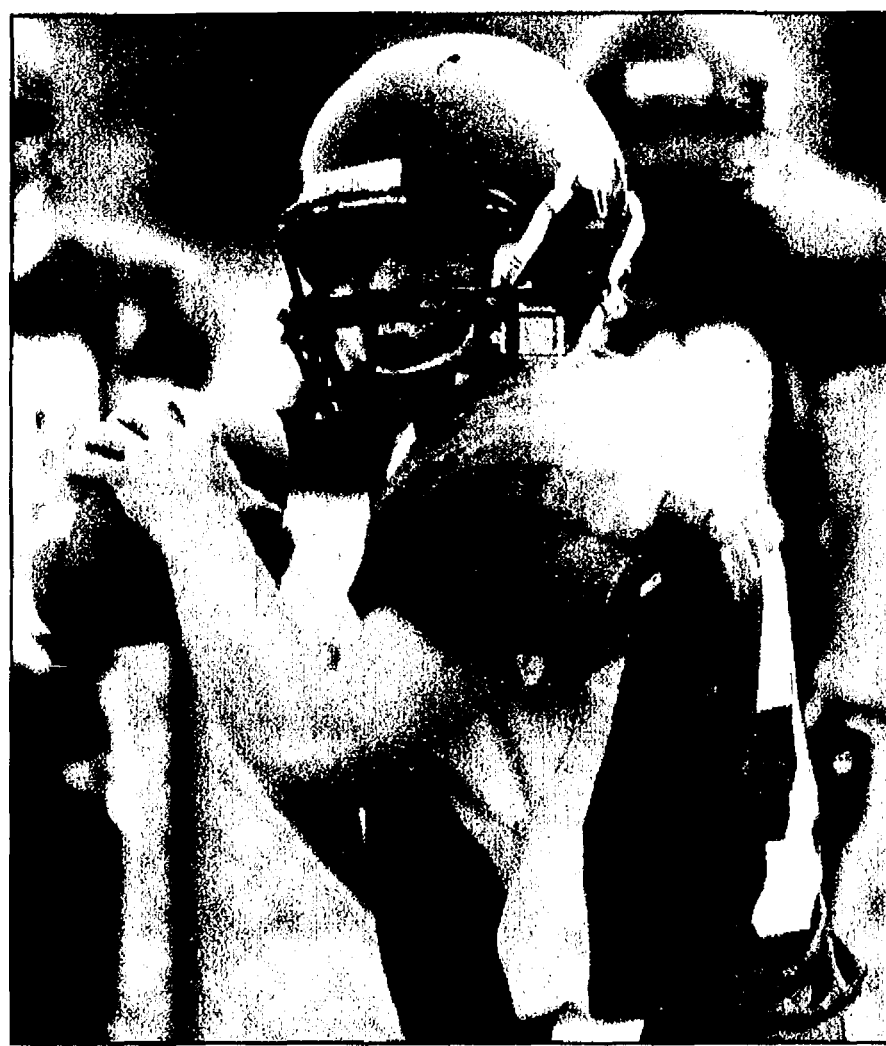

"We're expecting success this year. Our coaches have done everything necessary to be prepared for the season," Coach Brock said.

In 2006, the GHS football team got off to a 5-1 start, but lost its final three contests (Traverse City St. Francis, Boyne City, and Charlevoix) to finish 5-4. The Vikings failed to make the playoffs after three consecutive postseason berths in 2003, 2004, and 2005.

"Five-and-four is not acceptable in the BAHUNA football program. That's given us a lot of motivation in the off-season. These families have made a commitment to us and that will directly affect our success," Coach Brock said.

Soccer program at a 'turning point' with large, young squad

■ Vikings to open 2007 fall season with home games on Aug. 22 and 23

by Caleb Casey
Senior Staff Writer

This year's Grayling High School boys soccer team has the largest group of players in recent years, but the squad consists primarily of underclassmen.

The Vikings started official practices on Monday, Aug. 13, and the squad has more than 20 players this year - 25 as of last Friday.

"It's one of the bigger teams Grayling has had in the last few years," Coach Craig Cobb said. "About two-thirds of the team is freshmen and sophomores."

"In many ways we're at a turning point in the program. Players that come into the varsity soccer program continue to have more skills to offer. Because of that, I see the program moving in a good direction," Coach Cobb said.

"They're working really hard. They have a good attitude," Continued on Page 2B

GHS girls golf team still looking for more members

■ Three players return from last spring's regional championship golf squad

by Caleb Casey
Senior Staff Writer

Grayling High School's girls golf team, a squad with back-to-back state finals appearances, has three girls back from its regional championship spring of 2007 season, but the Vikings are looking for more golfers to fill in the roster and build for the future.

"We're kind of in a rebuilding year," Coach Brian Banda said.

Due to a court ruling against the Michigan High School Athletic Association in a gender equity lawsuit, girls golf is now being played in the fall instead of the spring.

"It's a little different playing in the fall," Coach Banda said.

The Vikings won regional titles in the spring of 2006 and 2007. In the spring of 2007, Grayling finished ninth at the state finals.

GHS girls golf team still looking for more members

Three players from last year's team are back for this year's girls golf season: Kristi Calkins, Alexis Elmy, and Leigha Stevens.

"Those three will do well in tournaments," Coach Banda said. "But we need to get a consistent fourth scorer."

As of last Thursday, the team only had two other players: Hannah Smith and Bridget Riehle. Banda said Smith has a

little golf experience, and Riehle is new to the sport.

"We should do okay. We're looking to get some more girls out. No experience needed, do not be intimidated. We'll teach them how to play. I'd like to pick up another five or six before school starts, just to have a program for next year," Coach Banda said. "A lot of schools have two or three really good players and a couple who are just learning."

"We're hoping to develop some of the younger girls into golfers," Coach Banda said.

Any GHS girls interested in joining the golf team should show up for practice (10 a.m. to 12 noon at the Grayling Country Club, Monday through Friday).

The Vikings started practicing on Thursday, Aug. 9, and opened their 2007 fall season with a tournament on Wednesday, Aug. 15. The team

will get into the main bulk of its schedule with four tournaments on Aug. 27-30, including the Grayling Invitational at Grayling Country Club on Monday, Aug. 27, at 9 a.m.

Banda said the team's recent success earned the squad a lot of tournament invitations this year.

"We have a pretty good schedule with lots of tournaments, good tournaments," Coach Banda said.

Coach Cobb said.

Grayling's two co-captains this year will be goalkeeper Chris Wells and fullback Andy Currison, both of whom are seniors in their fourth year of playing varsity soccer.

The squad will have two exchange students on the roster this year: Jan Fried of the Czech Republic and Max Kluge of Germany.

"I'm optimistic about what we have a chance to accomplish as a team," Coach Cobb said.

Cobb, who is in his first year as head coach of the GHS boys soccer team, coached the girls soccer team at Grayling High School last spring. Cobb served as an assistant coach for the boys squad for several seasons while his brother, Loren Cobb, served as head coach. Loren will serve as an assistant coach for this fall's boys soccer team.

"I'm excited about it," Craig said.

The Vikings open their 2007 season with home games on Wednesday, Aug. 22, and Thursday, Aug. 23, vs. Roscommon and East Jordan, respectively. Both games begin at 5 p.m.

GRAYLING COUNTRY CLUB NEWS

by Donna Thomson

Wednesday Ladies League

The Wednesday gals were blessed with another beautiful day on Aug. 15, our first "fun" day.

We played our own game, but took the best ball on each hole and there were two, first place teams. They were the team of Rhea Gierke, Ann Latusek and Mickey Perez and the team of Diana Doremire, Jeanette Kitchen, and Mo McNamara

with the scores of 43.

Also there were two birdies in the field today, one by Evie Kent and the other by Kay Ellen King. There were some chip-ins also, Diana Doremire on #9, Mo McNamara had two, one on #1 and the other on #3. Donna Thomson also had one on #3.

The white elephant gift of a set of kitchen towels, washcloth and hand soap, was won by Diana Doremire for longest putt on #8.

For lunch, the choices were

either a wrap or a sloppy Joe with a side.

Our course has been in such great shape even with the lack of rain, but we have an unusual amount of geese than I can ever recall seeing, and when you're a walker like I am, it's not easy doing so much side stepping around the droppings. Oh well, I'm happy to be out and golfing and maybe the problem will be solved for next year's play. That's all "fore" now.

(BAHUNA, one of the program's trademarks, stands for "Block And Hit Until None Arise.")

"Everybody's excited for this year," Coach Brock said. "Four years of weight training, four years of sacrifices. The kids have been working towards this every day since the day after Charlevoix last year."

"We've got hard-working kids who don't accept mediocrity. This is a very mature group of kids. All they care about is winning," Coach Brock said.

A few of the team's key returning players include:

Tim VanNuck, senior fullback and linebacker, team captain – VanNuck had 124 tackles and nine sacks last year at linebacker. He rushed for 417 yards on 94 carries with two TDs as a fullback. He was named AP all-state honorable mention, *Detroit Free Press* all-state honorable mention, *Traverse City Record-Eagle* all-region team, and all-conference first team in 2006.

Isaac VanNuck, senior wide receiver and defensive back, team captain – VanNuck had 31 receptions for 479 yards and seven touchdowns last year, with six interceptions as a defensive back in 2006. He was an all-league first team selection and a *Traverse City Record-Eagle* all-region team selection.

Ryan Cooper, senior running back and defensive back, team captain – Led the team in rushing last year with 821 yards on 137 carries with three TDs. He had 28 tackles, two interceptions, and one defensive TD last year as a DB. Cooper received an all-conference honorable mention last year.

recoveries last year on defense. He received an all-league honorable mention.

Adam Gabriel, senior linebacker – Gabriel had 67 tackles, three sacks, one interception, and two fumble recoveries last year and received an all-conference honorable mention.

Geo Bindschatel, junior linebacker – Bindschatel finished the 2006 season with 90 tackles, five sacks, one interception, and two fumble recoveries. He was an all-league honorable mention selection last year.

Matt McDonald, senior lineman – McDonald won the team's Michael Goodrich Award last year for best offensive lineman.

Jason Drudge (senior), the team's kicker (and wide receiver this year), is in his third season of varsity ball. Josh Stapleton (senior), a wide receiver and

defensive back, had two TDs on offense last year and four interceptions on defense. Dustin Schutt (senior) returns as a starter on the offensive line at tackle. Spencer Dean (junior), a linebacker and tight end, and Mike Davis (junior), left tackle, are both returning starters.

Some of the 2007 varsity team's juniors who played on last year's 7-2 JV squad include: Jimmy Osga, quarterback; Justin Farnsworth, wide receiver and defensive back; Ryan Foguth, lineman; Alex Gabriel, offensive lineman.

The Vikings will open their 2007 season with a home game vs. Roscommon on Friday, Aug. 24, at 7 p.m. Grayling will play at Houghton Lake on Thursday, Aug. 30. On Friday, Sept. 14, the Vikings will start their 2007 Lake Michigan Conference

schedule with a league game at East Jordan.

"As far as the outlook on the conference, Traverse City St. Francis hasn't been beaten since we've been here. Boyne City, Elk Rapids, and Charlevoix will be three tough teams as well with good programs," Coach Brock said. "Our first two games we'll be going against playoff teams in Roscommon and Houghton Lake. Roscommon's flying high with their 10-win season last year and they're going to want some revenge for beating them last year."

"The bottom line is if we don't turn the ball over we'll have a good chance to win every game. It's going to take the little things to make our team champions," Coach Brock said. "The good news is we have great senior leaders."

MORTGAGE SALE

THIS FIRM IS A DEBT COLLECTOR ATTEMPTING TO COLLECT A DEBT. ANY INFORMATION OBTAINED WILL BE USED FOR THAT PURPOSE.

Notice is hereby given that Default has occurred in a Mortgage given by Stacey L. Hoover and Kimberly A. Hoover, husband and wife, mortgagors, to First National Bank of Gaylord, n/k/a Independent Bank, mortgagee. The Mortgage is dated March 4, 2002, and was recorded on March 7, 2002, in Liber 0572 on pages 406 through 414 of Crawford County records. The balance owing on the Mortgage as of the date of this Notice is \$66,076.49, including interest at 7.25% per year variable. The Mortgage contains a power of sale clause and no proceedings have been instituted to recover any part of the debt owing.

The Mortgage will be foreclosed by selling the property described below at a public auction to the highest bidder. The sale will be held on Wednesday, September 26, 2007, at 10:00 a.m. local time at the main entrance to the Crawford County Court Facility, 200 W. Michigan Avenue, Grayling, Michigan, that being the place of holding Circuit Court for Crawford County, Michigan. The property will be sold to pay the amount then due on the Mortgage, including interest, legal costs, attorney fees and any taxes or insurance which may be paid by the mortgagee before the sale.

The property to be sold is located in the Township of Grayling, County of Crawford, Michigan and is described as: Part of the SE 1/4 of the SE 1/4 of Section 3, T26N, R3W, Grayling Twp., Crawford County, Michigan.

Commencing at the SE corner of said Section 3, thence N 1° 25' E (along the East section line), 662.07 ft to the Point of Beginning; thence S 89° 25' 40" W (recorded as N 89° 25' 40" W), 329.52 ft, thence N 1° 24' 05" E, 330.93 ft, thence N 89° 20' 40" E, 329.63 ft to the E section line, thence S 1° 25' W, 331.04 ft to the Point of Beginning. SUBJECT to and use of a 33 ft road and utility easement lying 33 ft North and adjacent to a line described as commencing at the SE corner of Section 3, T26N, R3W, thence N 1° 25' E (along the East section line), 662.07 ft to the Point of Beginning; thence S 89° 25' 40" W 988.55 ft to the Point of Ending.

The redemption period will expire six (6) months after the date of the foreclosure sale, unless the property is determined abandoned under MCL 600.3241a, in which case the redemption period will expire 30 days after the date of the foreclosure sale, or when the time to provide notice under MCL 600.3241a (c) expires, whichever is later.

SOUTH BRANCH TOWNSHIP DANGEROUS STRUCTURES ORDINANCE ORDINANCE NO. 23 OF 2007

AN ORDINANCE PURSUANT TO ACT 246 OF THE PUBLIC ACTS OF 1945, AS AMENDED, TO PROHIBIT DANGEROUS STRUCTURES AND TO PROVIDE ENFORCEMENT AND PENALTY PROVISIONS

THE TOWNSHIP OF SOUTH BRANCH ORDAINS:

this Ordinance is violated shall be considered as a separate violation.

Section 1: "Dangerous Structure" Defined.

As used in this Ordinance a "dangerous structure" means a building or structure that has one (1) or more of the following defects or is in one (1) or more of the following conditions.

A. A portion of the building or structure is damaged by fire, wind, flood, or other cause so that the structural strength or stability of the building is appreciably less than it was before the catastrophe and does not meet the minimum requirements of the building code enforced within the Township for a new building or structure.

B. A part of the building or structure is likely to fall, become detached or dislodged, or collapse and injure persons or damage property.

C. A portion of the building or structure has settled to such an extent that walls or other structural portions of the building or structure have materially less resistance to wind that is required in the case of new construction by the building code enforced within the Township.

D. The building or structure, or a part of the building or structure, because of dilapidation, deterioration, decay, faulty construction, or the removal or movement of some portion of the ground necessary for the support, or for other reasons, is likely to partially or completely collapse, or some portion of the foundation or underpinning of the building or structure is likely to fall or give way.

E. The building, structure, or a part of the building or structure is manifestly unsafe for the purpose for which it is used.

F. The building or structure is damaged by fire, wind, or flood, or is dilapidated or deteriorated and has become an attractive nuisance to children who might play in the building or structure to their danger.

G. The building or structure is vacant, dilapidated, and opened at door or window, leaving the interior of the building exposed to the elements or accessible to entrance by trespassers.

Section 2: Prohibition.

No person, corporation, limited liability company, trust, partnership, or other legal entity shall own, occupy or maintain any dangerous structure within the Township.

Section 3: Notice.

If a building or structure is found to be a dangerous structure, the Zoning Administrator or other person named by the Township Board shall give the owner of the building or structure written notice of the dangerous condition and thirty (30) days to demolish and remove the dangerous structure from the property or to repair the dangerous structure to make it safe. The notice may be personally delivered to the owner or mailed to the owner by certified mail, restricted delivery, return receipt requested to the address shown on the assessor's rolls.

Section 4: Inspection.

Township representatives shall have the right to inspect buildings or structures to determine violation of or compliance with this Ordinance. Township representatives may exercise this right to inspection by consent of the person having the right to possession of the building or structure or any part thereof, or by administrative search warrant.

Section 5: Penalty.

Any person who violates any provision of this Ordinance shall be responsible for a municipal civil infraction as defined in Public Act 12 of 1994, amending Public Act 236, of 1961, being Sections 600.101-600.9939 of Michigan Compiled Laws, and shall be subject to a fine of not more than Five Hundred and 00/100 (\$500.00) Dollars. Each day

Section 6: Enforcement.

The Zoning Administrator or other person named by the Township Board is hereby designated as the authorized township official to issue municipal civil infraction citations directing alleged violators of this Ordinance to appear in court.

Section 7: Nuisance.

A violation of this Ordinance is hereby declared to be a public nuisance or a nuisance per se and is declared to be offensive to the public health, safety and welfare.

Section 8: Civil Action.

In addition to enforcing this Ordinance through the use of a municipal civil infraction proceeding, the Township may initiate proceedings in the Circuit Court to abate or eliminate the nuisance per se or any other violation of this Ordinance.

Section 9: Abatement by Township.

If a Court of competent jurisdiction finds the owner or occupant of a building or structure in violation of this Ordinance, the Court, in addition to ordering the owner or occupant to demolish the dangerous structure and remove it from the property or to repair the dangerous structure to make it safe, may authorize the Township to demolish the dangerous structure and remove it from the property or to repair the dangerous structure to make it safe. The Court, however, shall not authorize the Township to demolish the dangerous structure if the cost of repairing the building or structure to a safe condition is less than the state equalized value for the building or structure.

Section 10: Cost Recovery; Lien.

A. The cost incurred by the Township in demolishing the dangerous structure and removing it from the property or repairing the dangerous structure to a safe condition, including reasonable attorney fees, shall be reimbursed to the Township by the owner or party in interest in whose name the property appears.

B. The owner or party in interest in whose name the property appears upon the last local tax assessment roll shall be notified by the Zoning Administrator of the amount of the costs of the demolition or repair of the dangerous structure by first-class mail at the address shown on the records. If the owner or party in interest fails to pay the costs within thirty (30) days after mailing by the Zoning Administrator of the notice of the amount of the costs, the Township shall have a lien for the costs incurred by the Township to bring the property into compliance with this Ordinance. The lien shall not take effect until notice of the lien has been filed or recorded as provided by law. The lien provided for in this subsection does not have priority over previously filed or recorded liens and encumbrances. The lien for the costs shall be collected and treated in the same manner as provided for property tax liens under the state General Property Tax Act.

Section 11: Severability.

If any section, provision or clause of this Ordinance or the application thereof to any person or circumstances is held invalid such invalidity shall not affect any remaining portions or applications of this Ordinance, which can be given effect without the invalid portion or application.

Section 12: Effective Date.

This Ordinance shall become effective thirty (30) days after being published in a newspaper of general circulation within the Township.

SOUTH BRANCH TOWNSHIP NUISANCE ORDINANCE Ordinance No. 21 of 2007

THE TOWNSHIP OF SOUTH BRANCH ORDAINS;

Section 1. Definitions. As used in this Ordinance,

"Building materials" includes but is not limited to lumber, brick, concrete or cinder blocks, plumbing or heating materials, electrical wiring or equipment, shingles, mortar, concrete or cement, nails, screws, or any other materials used in construction of any structure.

"Garbage" means rejected food wastes, including waste accumulation of animal, fruit or vegetable matter used or intended for food that related to the preparation, use, cooking, dealing in, or storing of meat, fish, fowl, fruit or vegetable.

"Junk" means by way of example and not limitation used or salvaged metals and their compounds or combination, used or salvaged rope, rubber, tires or car parts.

"Liquid industrial wastes" means any liquid brine, by-product, industrial wastewater, leachate, off-specification commercial product, sludge, grease-trap, clean-out residue, used oil, or other liquid waste produced by, incident or resulting from industrial or commercial activity except any liquid brine normally used or stored in regard to oil or gas extraction on a site permitted by the Michigan Supervisor of Wells.

"Rubbish" means nonputrescible solid wastes including ashes, paper, cardboard, metal containers, glass, bedding, crockery, bags, rags, and demolished materials.

"Person" means an individual, firm, corporation, association, partnership, limited liability company, or other legal entity.

"Sealed container" means a covered container capable of being closed which is rodent-proof, fly-proof and watertight such as garbage cans with properly fitting tops or plastic garbage bags which have been closed or twisted shut.

"Totally closed structure" means a building capable of being sealed on all sides such as a house, garage or storage shed with a roof, floor and walls or doors capable of being closed around its perimeter.

Section 2. Nuisances.

The following are hereby declared to be nuisances:

A. The keeping or storage of building materials outside on private property six (6) months after an occupancy permit is issued by the Crawford County Building Department. This subsection, however, shall not apply to building materials kept or stored outside on private property if the building material is kept or stored in an orderly fashion. As used in this subsection, the phrase "building material kept or stored in an orderly fashion" shall mean that all building material of the same type, including but not limited to lumber (both stick and sheet wood), cement blocks, bricks, roofing material and siding shall be kept or stored together and not kept or stored intermingled with building material of a different type and shall be stacked in an organized fashion customary for that type of building material. By way of example, and not limitation, stick lumber shall be piled with all sticks substantially parallel to one another, sheet wood shall be piled one on top of another with the area of one sheet covering as much as possible the area of the sheet beneath it, cement blocks and bricks shall be stacked in the shape of a cube in such a manner that they will not fall off the stack, and siding shall be piled with each piece substantially parallel to one another.

B. The keeping or storage of ashes, junk, garbage or rubbish outside of a totally enclosed structure on private property, except in a sealed container designed for the purpose of holding such ashes, junk, garbage, or rubbish.

C. The placing of ashes, junk, garbage or rubbish on private property without the owner's permission or on public property. This provision applies regardless of whether the ashes, junk, garbage or rubbish is in a sealed container.

D. The keeping or storage of junk, garbage or rubbish on private property, including inside a building, in such a manner that the items, regardless of the method of containment, have become a breeding ground, food source or habitation of insects, rodents or vermin.

E. Intentional depositing of liquid petroleum crude oil, liquid petroleum crude oil by-products and derivatives or liquid industrial wastes on the ground.

F. The existence of any structure or damaged partial structure which because of fire, wind or other natural disaster of physical deterioration is no longer habitable as a dwelling, nor currently

useful for any other purposes for which it may have been intended.

G. The existence of any vacant building, garage, house or outbuilding unless such structure is kept secure from entry by the public.

H. The distributing, placing, posting, or affixing of posters, notices, or handbills on private property without consent of the owner or occupant except as authorized or required by law.

Section 3. Prohibition

No person shall commit, create, or maintain any nuisance. No person shall knowingly permit the existence of a nuisance on the property owned or possessed by such person. Each day a nuisance shall exist shall be construed as a separate violation.

Section 4. Industrial Usage

The storage or keeping or salvageable metal or wood shall not be prohibited on property on which is located a factory engaged in manufacturing, assembling or machining, as allowed by the Township Zoning Ordinance as long as the salvageable metal or wood is for resale or reuse by the occupant of the property.

Section 5. Penalty

Any person who violates any provision of the Ordinance shall be responsible for a municipal civil infraction as defined in Public Act 12 of 1994, amending Public Act 236 of 1961, being sections 600.101-600.9939 of Michigan Compiled Laws, and shall be subject to a fine of not more than Five Hundred and 00/100 (\$500.00) Dollars. Each day this Ordinance is violated shall be considered as a separate violation.

Section 6. Enforcement

The Zoning Administrator or other person named by the Township Board is hereby designated as the authorized township official to issue municipal civil infraction citations directing alleged violators of this Ordinance to appear in court.

Section 7. Nuisance Per Se

A violation of this Ordinance is hereby declared to be a nuisance per se and is declared to be offensive to the public health, safety and welfare.

Section 8. Civil Action

In addition to enforcing this Ordinance through the use of a municipal civil infraction proceeding, the Township may initiate proceedings in the Circuit Court to abate or eliminate the nuisance per se or any other violation of this Ordinance.

Section 9. Abatement by Township

If the owner or possessor of any property on which a nuisance exists fails to eliminate a nuisance after having received notice from the Township of the existence of the nuisance, the Zoning Administrator or other person named by the Township Board, after receiving authorization by the Township Board, may take such steps as are necessary to abate or eliminate the nuisance. The notice shall describe the location of the property, describe the nature of the nuisance and give thirty (30) days in which the owner or possessor may eliminate the nuisance without intervention by the Township. The written notice may be served personally or may be sent by certified mail, restricted delivery, return receipt requested to the last known address of the owner or occupier of the premises. The time period shall commence on the date of the personal service or in the case of mailing service shall be deemed to have taken place on the date of mailing.

The cost of elimination of the nuisance by the Township, including reasonable attorney fees, may be collected in a lawsuit against the owner/and or possessor of the property on which the nuisance existed and/or against the person who committed, created, or maintained the nuisance.

Section 10. Severability

If any section, provision or clause of this Ordinance or application thereof to any person or circumstance shall be invalid, such invalidity shall not affect any remaining portion or application of this Ordinance which can be given effect without the invalid portion of application.

Section 11. Effective Date

This Ordinance shall become effective thirty (30) days after being published in a newspaper of general circulation within the Township.

- 8 Little Debbie Stars & Stripes Marshmallow Puffs

Melted chocolate

Preheat broiler on high. Break cracker sheets in half crosswise to create squares; arrange 8 cracker squares in a single layer on a heavy-duty baking sheet or broiler pan. Place 1 Marshmallow Puff on each cracker half. Broil Marshmallow Puffs for 45 seconds or until soft and lightly browned. Remove from oven. Quickly top each Marshmallow Puff with remaining cracker halves, pressing gently. Let stand 10 minutes. Drizzle with melted chocolate. If you have a small kitchen torch, use it to brown the Marshmallow Puffs instead of broiling them. If broiling, keep a close watch as they brown very quickly.

ADOPT A PET

Cami

is a 5 month old mixed breed pup with a pretty face and loads of personality. She is active, friendly and cute. She will require a bit of training but will be well worth the time.

Hannah

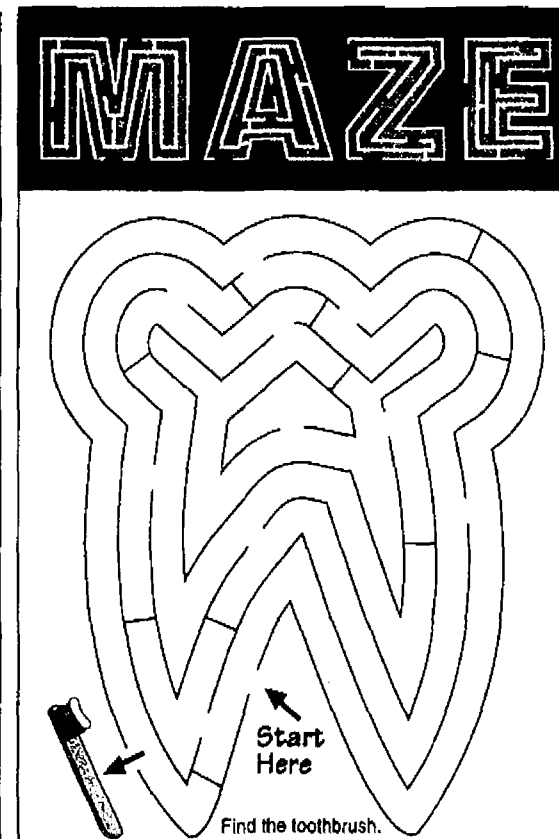

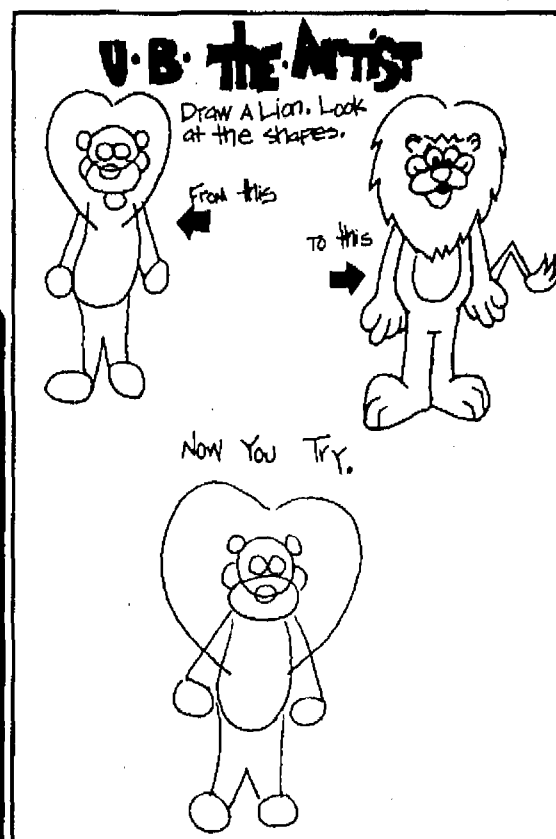

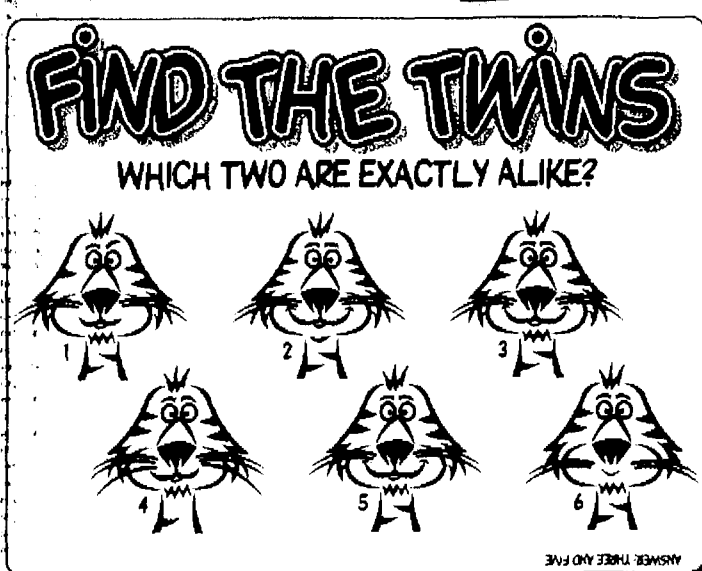

is a 2 year old German Shepherd. She is a beautiful and intelligent young dog. She was a bit neglected by a previous owner so could really use some TLC.

HOROSCOPES

For the week of August 23, 2007

December 22-January 19

You've dodged an issue long enough. Step up to the plate and make your opinions known. There are others who believe as you do and will offer their support.

March 21-April 19

Steamy news fuels the fires at home. Steer clear of the mess, Aries, and let the situation work out on its own. A new business tickles your fancy.

June 22-July 22

The sea of opportunity beckons. Dive right in, Cancer, and take the plunge. A learning experience proves extremely valuable to your skill set.

September 23-October 22

You find a way to release your pent-up energy. Share it with a friend who is feeling restless. Your fitness routine could use a makeover and fast.

January 20-February 18

Romance sizzles, Aquarius, and you make the most of it. A beacon of hope shines in an old problem. Tricks of the trade are provided at the best time.

April 20-May 20

Prudence is everything at work. Take your time to think through the details and proceed with caution. An auto issue is resolved once and for all.

July 23-August 22

Brevity is the key to sealing the deal. Stick to the facts, and you will keep their interest. Elaborate, and you will lose it. A shopping trip results in loads of goodies.

October 23-November 21

Trust is hard to come by these days. Be careful whom you confide in and rely on, Scorpio. Tidbits from the past come trickling back and inspire a little get-together.

February 19-March 20

You become privy to prime information. Guide it with your life. There may be someone lurking about who will try to get the information at all costs.

May 21-June 21

The dog days of summer call for a lazy retreat to someplace special. Pack your bags, Gemini, and prepare to have some fun. A small windfall provides spending money.

August 23-September 22

Cheeky retorts set the stage for a fun weekend. Throw away your reservations, Virgo, and get ready to join in the activities. A bit of impulsiveness adds to the fun.

November 22-December 21

You're on to something at home, but you must be careful in how you proceed. Push too hard or too fast, and you could forever lose sight of what you're after.

FOR ENTERTAINMENT PURPOSES ONLY.

Too often, trying to sell your own home can feel like an uphill battle against red tape, unforeseen pitfalls and a mountain of paperwork.

It's easier with RE/MAX.

RE/MAX agents average more experience and more sales than other real estate agents.

They know what it takes to bring buyers and sellers together.

They also care enough to schedule viewings of your home when it's convenient for you - not them. Because outstanding service is what RE/MAX is all about.
